## 2012 ANNUAL REPORT

### *Message from the President*

As we make our ANNUAL REPORT to you, I am pleased to inform our members, friends, donors, participants in the Foundation's events, and the community at-large that we have experienced a successful year. Let me first thank the Board of Directors and members for the work they do by your commitment and hard work that we are able to continue providing scholarships to deserving and qualified students as well as provide mentoring services to elementary and secondary school youth. To our community partners and supporters, we are especially grateful for your financial support and in-kind contributions which assist us in improving the quality of special events. The entire Board joins me in extending our sincerest thanks and appreciation for everything you do. 2011.

Since the Foundation was established in December 2005, it has adhered to its mission and purposes by providing scholarships, grants, and mentoring assistance to the youth of Hampton Roads. We will continue to provide these services to our youth with your support and contributions. With your support, we sponsored two successful signature events of the Foundation.

The 14<sup>th</sup> Annual 2011 Black History Month Community Service Awards and Honors Program were attended by more than 300 adults and youth. This year we honored the legacy, sacrifices, and achievements of the Nation's historical Black Colleges and Universities and provided scholarships to students who enrolled in these universities. The five colleges and universities honored included Hampton University, Virginia State University, Norfolk State University, Virginia Union University, and St. Paul's College.

The 15<sup>th</sup> Annual Swinging for Our Youth Golf Classic featured golfers from Virginia, Maryland, North Carolina and Texas. The golf classic is considered by the players as one of the finest golf tournament in the area and is played on one of the finest golf courses on the east coast, Cahoon Plantation. Cahoon Plantation golf course was inspired by the great links style courses of the British Isles, and feature the smoothest, greenest playing surface available on the only bent grass golf courses from Williamsburg to the Outer Banks.

I want to express our sincere gratitude to our donors, event supporters and the community for their financial support, contributions and assistance in making this year

a success for our youth. These successes will be highlighted later in this report. I sincerely hope that you will continue to support this foundation in the future

I also want to acknowledge the support that the Board of Directors has shown me and thank them for their continued assistance and commitment.

George F. Reed  
President
